Dear Harold,

Glad the trip was so profitable. Your comments on Quincy rang a bell. See Larry Green story on James while up here. I don't recall seeing it in your book it may have been. Green is now our Vietnam correspondent.

The clips by Ron Koziol should be accurate cop-line. Cosy Koziol is very close to cops, FBI and especially our red squad.

Here's a few other clipping you might find interesting. I ran into them while going through the James earl clips again.

Welcome back.
